## QUALITY POLICY

Fresenius Medical Care Australia Pty Ltd manufactures and markets medical products for Renal Treatment and provides dialysis services to patients with End Stage Renal Disease.

Fresenius Medical Care is committed to the supply, and support of products and services of the highest quality and reliability to its customers, which are suitable for the intended purpose and conform to relevant standards and regulatory requirements.

The quality and reliability of the products and services supplied by Fresenius Medical Care is the responsibility of all personnel. All employees are required to accept their share of responsibility and to actively participate in the management of quality.

The requirements of standards AS/NZS ISO 9001:2000 Quality Management Systems - Requirements, AS/ISO 13485:2003 Quality Management Systems - Requirements for Regulatory Purposes, the Australian Code of Good Manufacturing Practice 2002 and Therapeutic Goods Act 1989 and (Medical Devices) Regulations 2002 form the basis of our Quality System. The system is planned and developed in conjunction with all Fresenius Medical Care functions to ensure that relevant requirements are recognized and the controls needed are established, implemented and maintained.

This policy is issued expressly and unequivocally to state the commitment of Fresenius Medical Care to comply with customer and regulatory requirements and in the continuing effectiveness of the quality management system. This is essential for our long term success, our reputation with customers and our employee satisfaction.

Compliance with this policy is a fundamental requirement of every function and we ask all personnel to support it in every activity they undertake.

Thomas Mechttersheimer  
Managing Director Australia  
Vice President South Asia Pacific.
